New Beginning

Today you will have an opportunity to witness the process of Archangel Haniel fully manifesting through Audrey.

This is a rare event, as Archangels do not reveal themselves to the public in general. Haniel's intention for revealing herself now, is so that we may know our own beauty and magnificence through her image.

The development of her image will continue to grow over the next 12 months, as Audrey is able to hold more and more of Haniel's energy. In today's session, the room will take on a pink hue, which may sparkle a bit. You may also see the outline of Haniel's 57-foot body sitting around Audrey in a meditation position. During the session, Haniel will anchor her energy into everyone in the room. Enjoy this energy as it is assisting your own Life Force energy to grow stronger, and can assist in healing overall.

We are asking everyone to not leave today until you are assisted by the volunteers in the blue shirts to ground your energy.

Audrey is extremely honored to have you here today to participate in this most wonderful event!

What in the world is going on?

We will be experiencing three eclipses in the next thirty days. Normally there are four eclipses a year, however we have six this year.

The first eclipse was a lunar eclipse on July 7. Next will be a solar eclipse on July 22, and the third will be another lunar eclipse on August 5.

During a lunar eclipse, we are assisted to change emotionally. Lunar Eclipses inspire great feeling, to reflect great progress on the path, or great potential to get back onto a path more to our liking, and our own personal needs, as opposed to what we think we need, or what others dictate for us. So it is important to follow your feelings.

During a solar eclipse, you can experience sudden changes in life. Although it can bring in many good things for your life, generally the effects are to "bring down the mighty" when they are not in their integrity. A solar eclipse allows us to see what is hiding in our wounded egos that is not serving us any longer.
