

Energetic Umbilical Cord

When we are born, and our umbilical cord is severed, the energy of that umbilical cord remains. This energetic cord continues to function as the physical cord did, feeding us from our parents. This energy can continue just as it is for lifetimes until we ask God to *gently* sever this cord or cords.

We also can have energetic umbilical cords remaining connected to all the children we have parented both born and unborn (still-born, abortions, etc.). The prayer for disconnecting the energetic umbilical cord(s) is as follows:

Thank you God for gently and Divinely disconnecting all energetic umbilical cords from me to my parents in this lifetime and all lifetimes, whoever my parents have been, Thank you God for returning all of our energies back to ourselves.

Thank you God for gently and Divinely disconnecting all energetic umbilical cords from myself to all of the children, both born and unborn, which I have parented in this lifetime and all my lifetimes. Thank you God for returning all of our energies back to ourselves.

I ask all of this in the Highest blessing , freedom, and honoring of all of our own sacred journeys.

And so it is done.

Amen.
