

Prayer of Attraction

Thank you Divine Creator -

I attract to me now all that I am, all the light that I am, and all of the Good that I am.

Today I attract all that I am directly aligned within all of my good.

Health, Wealth, and Goodness are mine now!

I know this is true because:

I am the thoughts of God

All resources are available to me

I have the answer

I am the miracle and everything in my life reflects that

I am enough

And it is done. Amen.
